

METEOROLOGY AND
NAVIGATION OF AIRWeather Department an Important
Part of Safety and Progress in
Air Flight.

VERY PRECAUTION TAKEN

Trans-Atlantic Flights Will
No Longer Be an Adventurous
Experiment.

WASHINGTON, June 18.—Recalling the part in the history and success of trans-Atlantic flight by an American seaplane, the weather bureau of the United States department of agriculture reiterates its policy of rendering them more dependent on weather conditions than they now are, will trans-Atlantic flights be at all practicable.

It is probable that the mayor and the board of city commissioners will be informed of the matter and that Senator Robert L. Owen and Congressman E. B. Howard will be asked to propose a bill in congress relieving the city from the responsibility of paying the assessment.

POOR CONEY ISLAND
BECOMING "PARADISE"

NEW YORK, June 18.—Coney Island is fast slipping into a class with Paradise.

"Down here," walked one of the old time howlers, "everything used to go on. An' now look at it. All day reformer guys busy. Gittin' to be a regular Sunday school convention chatauqua."

These are some of the things the "reformer guys" have put over on poor old Coney.

No more dancing the shimmy or indulging in strangleholds on the dance floors.

No more bare legs, one-piece bathing suits or short bathing skirts on the beach.

No more close love cuddling on the sand.

No more oriental wriggles in the dancing shows.

And, finally, although they can't quite believe it yet at Coney, no more beer after July 1.

The next thing, well, they'll be pinching guys for dropping peanut shells on the board walk and rentin' bungalows to Billy Sunday and Bill Bryan.

But despite all this, subway, street car and elevated lines, as well as the paddlewheel steamers that carry crowds to Coney Island, continue to be jammed.

With good water Tulsa will use 10,000,000 gallons daily. Under the alleged offer of Page this would cost the city \$7,200,000 in the 25 years that are allowed to retire the \$5,000,000 bond issue.

At the end of that time the citizens would have paid Page more for the water than the Spavinaw project will cost and still have nothing. Tulsa would be no better off than she is today.

Spavinaw will supply six times as much water as is needed by a city of 250,000 population. The project is never failing and the water is the best that can be obtained in this country.

When Truck Hits Street Car.

Car No. 165 of the Tulsa Street Railway company and a truck of the Purdy Ice Cream company jammed in a peculiar manner at the corner of Third and Boulder Wednesday afternoon.

The truck, approaching from the rear, bumped the car when the larger vehicle was stopped at the intersection. The front springs of the truck wedged under the rear of the street car and it took 15 minutes for the combined crews to release the truck. No damage was done.

SPECIAL SESSION
NOT FOR SUFFRAGEGovernor Robertson Wires Goodrich
of Indiana That One Is to be
Called in Oklahoma.

OKLAHOMA CITY, June 18.—

Governor Robertson of Oklahoma may call a special session of the state legislature before the next biennial session but not for the purpose of ratifying the woman's suffrage amendment to the federal constitution, the governor stated today in a telegram to Governor Goodrich of Indiana. The governor added, however, that if he should call a special session the suffrage amendment would not be submitted. The telegram was in reply to an inquiry as to Oklahoma's action regarding the amendment.

TULSA ORATORS IN DEMAND
FOR JULY 4TH SPEECHES

Tulsa orators are coming into strong demand in other cities in the vicinity and many requests have been made upon men of this city for speaking engagements.

Howard Hagan, president of the Tulsa chapter of the American Legion, today where he will deliver the commencement address before the graduates of St. Joseph college.

Alva J. Niles and C. F. Hopkins, prominent business men who were both ranked as majors in the United States army during the war, have agreed to appear at Ellarland when they will assist with the speaking program on July Fourth.

From Circus Work to Army.

Walter Egan and William Rogers, famous as "Kid Egan" and "Wildcat Bill," will give up broncho busting and rope twisting to break horsemanship for the government when they re-enlist in the army at the close of Rice & Dorman carnival this week. Both have seen service in the army and are ready to go back to the life, they say. Egan and Rogers are only a few of many men who are re-enlisting for service after a few weeks of civil life. The local recruiting station at 224 East Second street has already recruited a number of ex-soldiers in the last week and a still bigger enlistment is expected with the return of Sgt. L. Q. Roby, who has been on furlough.

Three Brothers in
War, Killed; Fourth
Sick, But Wants Job

Gassed and somewhat the worse for his 14 months' service, Chester Johnson of Vinola, reached Tulsa yesterday in search of some kind of work as assistant cook or chef for some gang working in the country. Johnson served in France as a sergeant cook with the 32nd division until he was gassed and sent back to the hospital. He arrived at the federal state employment bureau yesterday 21 pounds lighter than at the time of enlistment but ready for work if he could find any that was not too hot or heavy for his present condition. Three of his brothers and two cousins were all killed while serving with the same division in France.

Austrians Protest.

PARIS, June 18.—Vienna newspapers according to dispatches reaching this city by way of Basle, print dispatches from St. Germain stating that Dr. Karl Renner, head of the Austrian peace mission in his note to the peace conference protests against the detachment of territory from Germany to Austria. He is reported to have declared that the new German Austrian state would "form a second Alsace-Lorraine doubly greater in size and condemned to remain without defense, a considerable part of the ancient nation being subjected to much younger peoples."

Meadie Klayer Gets New Trial.

SPRINGFIELD, Ill., June 18.—The supreme court this afternoon granted a new trial to Edwin A. Strauss, former bank president of Peoria, convicted of slaying Meade Klayer, his cashier, and sentenced to serve 25 years in the penitentiary. The judgment of the trial court was reversed and the case remanded on the ground that the conduct of the jury was not proper.

HIGH SCHOOL GIRLS
BACK FROM Y. E. MEETOklahoma-Texas Delegates Gather at
Tishomingo to Discuss Work of
Organization for Coming Year.

The Y. W. C. A. high school conference that closed Monday at Devils Den, Tishomingo, is reported by members from Tulsa who attended to have been a great success and more permanent improvements are planned before another encampment.

Oklahoma and North Texas put on the first high school Y. W. C. A. encampment that was ever held, and its progress and able watched with interest over the country. Others are planned in other states later in the summer.

There were 155 in attendance at Tishomingo, many being from as far south as Houston and San Antonio, Texas, others from Austin, Waco, and Van Alstyne, and 32 from Tulsa, Oklahoma was well represented from Lawton, Vinola, Chickasha, and 12 from Oklahoma City, and 13 from Tulsa.

All activities were held in the open, tribal services, vesper in the evening, and bible study. The uniform of the girls was blouses and middie-blouses.

One of the interesting events as reported by Miss Mildred Hansen, assistant in the local girls' department, was a pageant of "World Fellowship," directed by Miss McKeith, national World Fellowship secretary of the Y. W. C. A. and was participated in by a large chorus and many of the campers.

Plans were discussed to have each city build a camp cottage before next summer to house its representatives, and the whole field erect a rustic administrative building. This year tents were occupied by the girls, loaned to them by courtesy of the National Guard.

Those in attendance from Tulsa were Marian Allen, Helen Thackeray, Winona Water, Salyne Wilson, Ann Crockett, Pauline Woods, Miss Lillian Penquite of the high school faculty, Miss Eva Hanner, girls work secretary of the Y. W. C. A. and Miss Hansen.

Troops Return.

NEW YORK, June 18.—Three transports carrying 14,474 troops, arrived here today from French ports. They were the America and Agamemnon from Brest with 7,018 and 5,765 troops respectively and the Doria d'Abuzzi from Marseilles with 1,688.
